

Terms and conditions for running a Make Your Mark Club

The Make Your Mark Club provides free start-up materials, news and a national network for enterprise clubs in schools and colleges. The aim of the Make Your Mark Club is simply to support young people who want to make ideas happen.

The delivery and day-to-day running of club activities is the responsibility of the school or college in which a Make Your Mark Club is based. Responsibility for the welfare of young people participating in club activity therefore rests entirely with the adults overseeing the club – whether in a school, college, or elsewhere.

The Make Your Mark Club is part of the Make Your Mark Campaign, led by Enterprise Insight. To the extent permitted by law, Enterprise Insight accepts no liability for damages arising in any way from make Your Mark Club activity and will not reimburse any money lost from activities carried out in connection with any Make Your Mark campaign.

Any activity undertaken under the banner of the Make Your Mark Campaign should be carried out to the highest standard. We advise those running a Make Your Mark Club to ensure that they have adequate safety management systems and procedures in place to effectively manage risk.
